

Identitywa is one of Western Australia's leading agencies supporting people with disability and their families.

We are also an outreach of the Catholic Archdiocese of Perth and while this means our work is proudly based on Catholic values, we welcome people of all faiths and backgrounds.

We provide a range of living and community supports for children and adults and their families.

These supports are designed to assist people to live a good life. This has been our focus for the past 36 years.

Today, we continue to work in partnership with people, tailoring supports to suit each individual and family's unique situation.

 Identitywa

A Catholic outreach supporting people with disability and their families.

In 1977, a group of parents saw a future in which their children with disability received quality care and greater acceptance from their Catholic community.

Today, we see a future in which all people with disability live with a sense of purpose, a sense of belonging and a sense of wellbeing.

Sharing the journey

When we begin our relationship with you, we start by asking 'What does a good life look like for you?'

We listen carefully to your answers, then work with you to find the right range of supports for your unique situation.

As your needs, goals and dreams change over time, we'll 'move with you', adapting our support to suit you.

If we're not able to provide the support you need, we'll help you find it.

Together, we'll share the journey.

At each stage of life
