

Identitywa
Sharing the Journey
0 - 6 Years

Identitywa is one of Western Australia's leading agencies supporting people with disability and their families.

It has been our focus for over 40 years to assist people to live a good life.

We work in partnership with people, tailoring supports to suit each individual and family's unique situation.

We provide a range of living and community supports for children and adults and their families.

Identitywa

A Catholic outreach supporting people with disability and their families.

Sharing the journey

When we begin our relationship with your family, we start by asking 'What does a good life look like for your child?'

We listen carefully to your answers, then work with you to find the right range of supports for your unique situation.

As your child's needs, goals and dreams change over time, we'll 'move with you', adapting our support to suit them.

If we're not able to provide the support you need, we'll help you find it.

Our clear Vision, Mission and Values are a constant guide to ensure we maintain a high quality service for which we have become known. Together, we'll share your journey.

At each stage of life

Develop a combination of supports tailored to suit your child's life.

At Home: We can offer help with the activities of your child's daily life in your home, or facilitate the goals and outcomes from developmental learning programs initiated by their therapy provider or school.

Having a Break: This may be in your home, local community or in one of our Children's (Respite) Houses where we will continue with your child's planned activities or learning programs.

Fun, Friends and Living: We can support your child with their interests and passions, helping to build friendships, participating in activities they enjoy whether it is at a structured recreation activity or free play at one of the many local community events.

Skills for Life: We understand that resilience and confidence builds positive futures. When you ask us to partner with you to support your child's life opportunities in the way you want, we will focus on your plans, your child's goals and achievements.

Plan Development and Management: Identitywa can support you with plan development; coordination and implementation of plan supports; and also a range of plan (funding) management options.

Discuss your ideas with our Planning Officers.

Your Funding Options:

- National Disability Insurance Scheme
- Department of Communities (Disability Services)
- Commonwealth Respite and Carelink Centres
- Insurance Commission of WA
- Full fee payment by families
