# What is Support Coordination?

Support Coordination helps you to understand the NDIS and how to maximise your NDIS plan so your needs are met and you achieve your goals. Your Identitywa Support Coordinator will:

Help you understand the details of your plan and what NDIS funded and community supports you can access.

Find and connect you with providers locally and with others of your choosing.

Work with you to develop service agreements with your selected providers.

Support you throughout the year, particularly if things don't go as planned.

## Will Support Coordination be funded in my plan?

Contact us for a no-cost pre-planning discussion to prepare for your NDIS meeting and help you clarify your need for Support Coordination. The NDIS will decide if Support Coordination is reasonable and necessary in your situation.
